

**Welcome to the agency where ideas and projects breathe fresh air. We are 85 creative & account management staff and have been providing communication solutions for national and international brands since 1988. Our main agency has a countryside character (in the heart of the Hasselt-Maastricht-Liège triangle) but is fully connected to the world.**

**Over the last few years, Strategie has strengthened its expertise via an agency in Brussels and we have established a flourishing office in Paris. In order to continue servicing our great clients at the highest of standards, Strategie Agency is looking for talents.**
